

How to Find Your Address Status

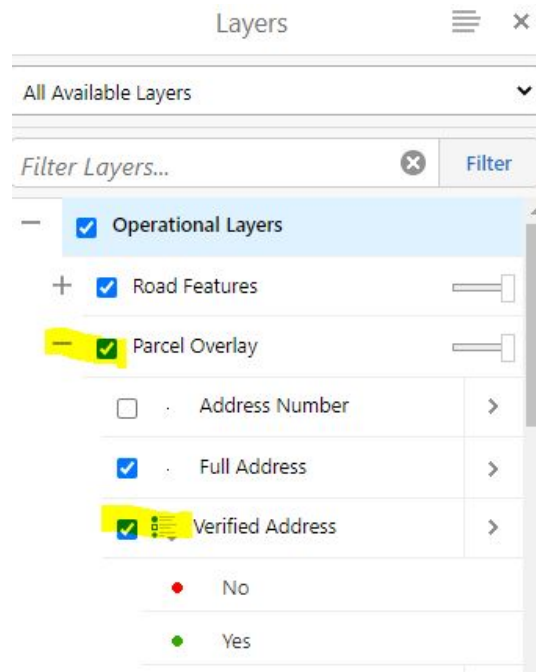

1. Go to Pitkin Maps and More, either the [Portal](#) or the [ComDev](#) edition.
2. In the upper-right corner **Search**, enter **any** of the following info:
 - a. Address number and street name, or
 - b. Owner name, or
 - c. Parcel ID number (ex 12 digit number: 246717211015)

3. Click in the **Results window**, click on the **Tabs** to locate the subject property. Click on the **record** to zoom to the property.

4. In the **Layers list** > Click Parcel Overlay and Verified Address to make them visible.

5. Look at the map to see the Verified Address symbol on the map.

6. To obtain additional information, **right-click** on the point, choose **Find data on the map**.
